CREATING SOLUTIONS

Community Town Halls provide an opportunity for communities to come together and discuss critical and challenging topics. These consensus-driven gatherings empower participants to create solutions and develop plans of action. Many actions begin immediately. Others are inspired by the report formulated by Arizona Town Hall and disseminated to stakeholders and elected leaders.

EMPOWERING COMMUNITIES

We provide the programming for the event - including background materials, resources, discussion questions, and trained facilitators. You focus on ensuring that the members of your community come and contribute their valuable perspectives. Community Town Halls catalyze meaningful and long-lasting change through diverse and inclusive participation where every participant is given an equal opportunity to participate in developing solutions and taking action.

WHAT TO DO NEXT

SCHEDULE A DATE & TIME

While we tailor each event to the community served, a 2-3 hour program generally works best. It can be helpful to use an existing event to leverage impact.

SELECT A PROGRAM STYLE

Community Town Halls can be in-person, online, or a hybrid format.

BOOK A VENUE

If your event is in-person, find a venue that is appropriate for the number and type of participants you anticipate. Town Hall often partners with educational and governmental organizations to obtain venues and may be able to assist in securing a location.

GETTING PARTICIPANTS

Share the event details with your community and get as many people there as possible. The best solutions and the greatest impact come from having a diverse and inclusive gathering.
